

OPERATION: RESTORE

Photo & Testimony Release

Operation: Restore shares stories of the people and families we work with to inspire others to serve and to show the impact of this work. We only do this with your permission.

I, _____, give Operation: Restore permission to:

- ☐ Take and use photos/video of the project and my family for social media, print materials, and fundraising
- ☐ Share a written testimony or quote about my experience, in my own words or paraphrased
- ☐ Use my first name only (no last name) in any shared materials
- ☐ I prefer to remain anonymous — no photos, no name, story only in general terms

I understand this permission is voluntary, I can withdraw it at any time by contacting Operation: Restore directly, and declining will not affect any help provided.
